Rights to publish the Perspective column by Tampa JCC & Federation CEO Gary Gould is restricted to the mailed, print edition only.

New computer class set to start

The Tampa JCC will hold an eight-week course on basic computer skills. Topics will include email, browsing the internet, sending and receiving digital photos, use of common Microsoft applications, computer security and information storage. Instructor is Myron

Thorner, a retired IBM Services employee and owner of a computer service company.

Classes will be held on Mondays, March 15 – May 10 (no class on April 5). Register at the Tampa JCC front desk or by phone at 264-9000 immediately.
